Venue: Terrell PD Range
Terrell, TX 75160

Instructors: Ben Stoeger

Course Description:

We work on fundamental Practical Shooting skills and apply them in a competition environment. We shoot a mix of drills working on a variety of fundamental skills.

We also work on hitting small targets, moving around through stages, and breaking down stages. Don't let the "Fundamentals" in the title for this class mislead you. This isn't a class for new shooters. This is geared towards people that already understand how to shoot slowfire. It is important to understand safety rules, and want to improve.

Students should leave class with an idea about how to dry practice more efficiently and how to improve the foundation skills for Practical Shooting.
