

Training Name: Firearms

Course Name: Patrol Marksman LPVO

Dates: 09/08/2025 - 09/09/2025

Venue: Williamson County Range
Hutto, TX 78634

Price: \$495

Instructors: Eric Wise

Course Description:

The Cornerstone Performance Patrol Marksman course is designed to help officers fill the capability gap that exists between a patrol officer and a SWAT sniper. We'll learn to exploit the capability of a patrol rifle equipped with an LPVO (or other magnified optic) using real world barricade support positions on full and partial targets from 75-300 yards.

We'll cover:

Equipment selection and setup

Patrol optimized zeroing

Overall potential cone of fire. What it is and why it matters.

Barricade support positions. How to build a stable and durable position quickly.

Real world, practical range estimation exercises.

Holdovers. Knowing EXACTLY where your round will land from 50-300 yards.

Live fire application on unknown distance full and high risk partial targets from 75-300 yards with first round hits from real world positions.

Student Requirements:

AR15 with a magnified optic (LPVO, ACOG style optic, or RDS and magnifier are all acceptable)

500 rounds of reliable ammunition. Bring duty rounds or practice ammo that is substantially similar to your duty round (example--they're both 75grain rounds with similar velocity).

3 magazines and a sling

Clothing and water / snacks suitable for a day on the range

Eye and hearing protection

Strongly suggested for zeroing but not required--Shooting mat, bipod, rear bag. At a minimum bring a backpack you can use as a rest.

Kneepads are strongly recommended.

For any questions, please contact Region 1 Director AJ Rivera. (281) 796-1889 or aj.rivera@ttpoa.org

CORNERSTONE

PERFORM

Training Description:

TTPOA believes in bringing in some of the best instructors in the country to share their knowledge and experience. If you have requests for a specific instructor or course, contact your [Regional Director](#).
