

Training Name: Firearms

Course Name: Sniper Tripod and Positional shooting by Obsidian Spear Group

Dates: 11/09/2026 - 11/11/2026

Venue: Strategic Shooting Dynamics
Dilley, Texas 78017

Price: \$800

Instructors: Paul Frantz
Grove Scarborough

Course Description:

Course Description

Tripod and positional shooting is a three-day course designed for Law Enforcement personnel assigned to, or supporting, precision rifle operations. It is a fundamentals-driven course focused on developing the individual shooter's ability to build reliable, repeatable shooting positions commonly encountered during real-world deployments. Instruction emphasizes application of marksmanship fundamentals, efficient position construction, accuracy, and recoil management. Students will learn to deploy tripods, use barricades and other natural or man-made terrain features to build stable shooting platforms while maintaining precision, stability, and shot accountability. This course is performance-based and focused on skill development rather than speed-driven drills or equipment demonstrations.

OSG Instructors

Paul Frantz and Grove Scarborough

Course Objectives

- Tripod setup, configuration, and deployment for precision rifle use
- Construction of stable shooting positions from tripods and improvised supports
- Manage recoil while maintaining sight picture through the shot
- Application of marksmanship fundamentals in other than prone positions
- Efficient movement and transitions between shooting positions and targets

Who This is For

- Precision shooters seeking stronger positional fundamentals
- Shooters looking to improve consistency from non-prone positions
- Shooters who want transferable skills, not gear-dependent solutions

Prerequisites

- Must be a current sworn Law Enforcement Officer or Active-Duty Military member in good standing
- Previous sniper or precision rifle training is strongly recommended.

Required Equipment

- The rifle you would expect to use during a precision fire engagement (bolt or semi-automatic)
- Service optic mounted on the rifle.
- Tripod suitable for precision rifle use
- Two magazines (minimum)
- Bipod
- Rear support bag
- Sling
- Match-grade ammunition (300 rounds)
- Ballistic solver (Kestrel or approved mobile application)
- Wrap around eye protection and ear protection
- Note-taking materials
- Weather-appropriate clothing, food, and hydration

Optional / Recommended Equipment

- Spotting scope or binoculars
- Laser rangefinder
- Cleaning kit and basic weapon tools
- Shooting Pack
- Knee Pads
