Training Name: Instructor

Course Name: NVG CQB Instructor Course

Dates: 04/21/2027 - 04/23/2027

Venue: Garland ISD Security Training Center
Garland, TX 75042

Price: $850

Instructors: Trey Lindsey

Course Description:

This 3 Day 30 hour course will focus heavily on the necessary individual operator and team leader level skillsets to successfully conduct Close Quarter Battle (CQB) tactical operations with a heavy emphasis in the use of NODs (Night Optical Devices) and NVG (Night Vision Goggles). This course will explain the major tactical differences between deliberate and dynamic CQB to help determine which method should be used for different types of law enforcement operations for the scenario they are faced with, and how the utilization of NVG can help mitigate risk to the officers. A wide range of individual and team techniques will be taught to ensure the officers are prepared for a wide range of CQB operational challenges in mixed lighting conditions.

Participants will also understand the “Hybrid” clearance concept in certain situations were deliberate and dynamic CQB tactics are morphed together to provide the officer the best chance for success in a chaotic high-risk scenario, especially when operating in low light to mixed light environments. This course will heavily focus on the characteristics, advantages, and limitations for using NODs/NVGs during tactical domestic law enforcement operations.

Training objectives covered-

- Equipment set up to include primary, secondary, and tactical gear
- NODs/NVGs characteristics, advantages, and disadvantages
- Weapon systems set up and employment utilizing NODs/NVGs
- Basic to advance weapons handling for CQB operations while using NODs/NVGs
