

Training Name: Specialty

Course Name: Rappel Master

Dates: 06/02/2025 - 06/06/2025

Venue: Greater Houston Area
Houston, TX

Price: \$500

Instructors: TTPOA Cadre

Course Description:

This course is only open to current LE Officers

This course will prepare students to implement tactical rappelling in operational and training environments for their team or organization. Technical skills learned in advanced rappelling will be reinforced, and students will learn how to integrate those skills into a larger system designed to mitigate risk in a high angle environment. Focus of this course will be on evaluating, designing, and supervising an operational or training rappel site with safety, efficiency, and mission accomplishment as foremost considerations.

Topics will include: Knots; Equipment; Physics of vertical rope work; Student and instructor safety; Operational considerations; Managing a rappel station; Anchor points and anchor systems; Planning for contingencies.

The course will be taught by experienced TTPOA cadre
