This course will assist team leaders in sustaining their current programs, adjusting their training needs, maintaining documentation, proper gear selection and selling your sniper teams abilities to support any and ALL missions. This course is designed for full and part-time SWAT/Sniper Teams.

Topics covered in the course include;

- Mission of the Police sniper
 - Selection Process for potential snipers.
 - How to record and maintain sniper training/deployment records
 - Training programs
 - Exposure to Qualification Courses and Sniper shooting drills
 - How to develop a sniper qualification course.
 - Implementing specialized sniper training into your program
 - Weapons, Scopes, and Ammo selection.
 - SOPs for various Sniper related items such as offsite live fire training set up and specialized weapons.
-
- If possible, we will conduct an actual live fire ballistic gel test for your current ammo and comparison with others.
 - Students will develop and demonstrate a precision rifle qualification according to their agency/state standards.
 - Students will conduct planning Sniper overwatch missions for large scale events, UC operations other sniper related support.
