Lunch will be provided.

Nocturn Industries focuses on bringing to market innovative, lightweight, end user optimized, and reliable night vision devices and night vision accessories. Nocturn products are developed from the ground up with the end user in mind focusing on the needs of the modern night fighter. Our products are American manufactured and designed, built, and tested in New Hampshire, USA.

We will be at the Garland indoor training site offering product demos on all of our binocular systems as well as our adaptable monocular systems that turn into articulating binoculars when using our bridge system.

Nocturn Industries leads the way with light weight and durable night vision, lessening the neck strain of the operator. Our devices have been extensively tested to stand up to duty use and is backed by a lifetime, no questions asked warranty on the housing. Please come out and get your hand on the product yourself to understand the value-added benefit our systems can bring to your team.

- 6 Binocular Options
- Lightweight and Rugged
- Onboard and External Power
- Battery Pack Options for 96 hour run time
- Modular Monocular to Binocular with Bridge
- Articulation Bridge System for all Panoramic Goggles
- Lifetime, no questions asked warranty

Lunch will be provided.

**Please RSVP to Corey Myers and any questions need to be directed to Corey Myers 503-929-9800**
